Dear Wilbur:

I refer to my letter of June 24 and the memorandum to L/E that I enclosed with it. The Office of the Legal Adviser has replied that it will be necessary to publish the memorandum of provisional application with the rest of the US-Italy air transport agreement. The documents will first be published in a TIAS print, and then copies of the TIAS print will be sent to the United Nations and ICAO for registration of the agreement.

Sorry about that.

Sincerely yours,

Philip C. Warten
